Human Molecular Genetics **13**, 1885–1892 (2004)

Due to a programming mistake in the authors' automated genotype assignment, all SNP alleles were switched, and as a consequence, the alleles for all SNP names listed throughout the paper were reversed:

Name in paper	correct name
g.-7077G>C	g.-7077C>G
g.-4022G>A	g.-4022A>G
g.8235G>T	g.8235T>G
g.54281T>A	g.54281A>T
g.58585T>C	g.58585C>T
g.69220T>C	g.69220C>T

This is a name correction only for the majority of the paper, but has significant implications for Figure 2, a corrected version of which is shown. The authors regret this error.
